PROVIDE YOUR CUSTOMERS WITH FREE WIFI INTERNET ACCESS

Research indicates that businesses that offer Free Wireless Internet Access retain a higher repeat customer base. Make your restaurant, retail location, or waiting area a WiFi Hotspot and watch your repeat customer base grow.

SERVICE DESCRIPTION

airCloud Communications' BUSINESS WIFI provides a private secure Internet connection for your business computers, and a Public WiFi Hotspot for your customers. We provide the Internet connection, hardware, signage, and user management.

Advertising For You Business

As part of airCloud Communications' public WiFi network, your business will be listed on our "Hotspot Finder" webpage drawing new customers to your location.

Viral marketing has proven extremely effective in promoting airCloud Communications WiFi services. We have grown to thousands of users simply from word of mouth. Your business can benefit from this explosive growth as well.

Low Initial and Monthly Cost

Flexibility in service speeds, and ad impression counts allow you to create a solution that fits your budget. Your current monthly Internet access fees will offset some or all of the costs.

Fast Network

airCloud Communications monitors your connection uptime and performance to ensure your customers have the best possible WiFi experience. A reliable Free WiFi Hotspot creates repeat customers.
