## Internet Service Built for Business

airCloud Communications offers fast, reliable, and cost-effective business-quality Internet access. Our service bypasses all Telco and Cable carriers and delivers high quality broadband service directly to your office within 1 to 5 business days.

#### SERVICE DESCRIPTION

Utilizing best-in-class wireless microwave technology since 2001, airCloud Communications offers an excellent alternative to slow dial-up and satellite, expensive T1, and unreliable SDSL services providing your business with access speeds from 1.5Mbps to 20Mbps.

#### LOCAL SUPPORT

airCloud Communications' highly trained US based support team provides prompt, courteous, and competent help. With a one-tier escalation path your problems are quickly resolved.

#### FULLY MONITORED

airCloud Communications provides 24x7x365 connection status monitoring ensuring maximum uptime, and the best connection performance possible.

#### END TO END CONTROL

airCloud Communications owns and operates our entire network from end-to-end. We do not depend on third parties for installation or repair.

#### PROVEN NETWORK

airCloud Communications' network is built using best-in-class equipment from Cisco and Motorola. Redundant network feeds, as well as continuous performance testing ensure maximum possible uptime, lowest latency, and consistent performance.
